PERRY & BROTHER.

"RAID FOR OLD FICK!" The Hill County (Texas) Record is going to Bath Co. I will try and write a few lines to THE OUTLOOK, for I know it is very popular. I am now in Louisiana working every day and do not look like the same fellow that came out here, and sometimes I half believe that I am not. I will try and tell you something about Louisiana. The climate is very irregular; some days it will be what the people here call "very cold" and then the next day will be what I call "very warm."

One day here in the forenoon I worked with my coat on and in the afternoon it seemed as though I would smother.

There are plenty of people in Ky. that would not know what Louisiana hogs are. They came very near scaring me when I first came here, and you know yourself that I am not afraid of anything.

The hoot owls out here will hide right close to a person and say "Hoo, Hoo, Hoo are you," and that would scare anybody. I was not raised up in the mountains to be scared out by a screech-owl, but a hoot owl was not in the contract.

I work every day by the side of a negro. How would you like that? The negroes here do not hardly know that they are freed. The people will hire a negro for so much per month and then pay him scarcely anything. If the negro leaves they will catch him, give him a good thrashing and make him go to work again. When a man hires a negro he keeps him as long as he wants him and then turns him loose without anything.

This is a very fine country. The land here sells for from 50 cents to \$3 per acre. I have been thinking very seriously about investing about 15 cents in real estate here. Do you think it would pay?

Did you ask if there are any pretty girls out here? There are just plenty of them I guess, but I have not seen one yet. Some people will say "Now he is getting homesick," but I am not, for I know there is no use; I could not make enough money here to get away. The sun shines very bright here and I am getting blacker every day. When I get right black I am going to get in a hollow log and float down the river, for if I was a negro I would not try to stay here.

I read THE OUTLOOK every week, and it seems like an old friend every time I get it.

There are less than a thousand sawmills, one little railroad. I had my picture taken when I first got here so I would not forget how I looked, but as I have forgotten whether I am the same fellow or not I guess I will have to throw it away. I don't want to say anything against Louisiana, and I know you are tired of my foolishness. I will close for this time. As ever your best wishing friend, P.

LOUISVILLE TOBACCO MARKET.—By George R. Snyder, of the Standard Warehouse Co.—March 8, 1900.—Under large offerings and light receipts, the competition has been more animated and active than it was last week, and taken as a whole it is a stronger market on all tobacco in fair order. The common grades of tobacco, both red color and green mixed, still predominate in the offerings. The trade is anxious for a greater amount of good leaf and lugs than is now being shipped. The greater part of the rejections made previously in our house and offered this week have made advances over former rejections. Owners of tobacco should now have their tobacco in fair order before placing it on the market.

We can sell you anything in the Harness and Saddle line. Hand-made Saddles, Buggy and Wagon Harness, Check Lines, Blind Brides. First-class workmanship and best material. E. L. & A. T. BYRON.

TALBOT-BIGSTAFF.—Married, at 10:30 o'clock a. m. March 1st, 1900, at the residence of the bride's father, on Flat Creek, Miss Lucy F. Bigstaff, daughter of Dick F. Bigstaff, of A. R. Talbot, of near Paris, Bourbon Co., Ky., Bro. T. S. Tinsley, of Owingsville, officiating.

After the ceremony an elegant luncheon was served to about fifty friends of the contracting parties immediately after the luncheon the bridal party started for the elegant home of the bridegroom about five miles southwest of Paris, where a reception awaited them. When the festivities were over Mr. and Mrs. Talbot left on a wedding trip to Arkansas and other places in the South, to be gone three weeks. They will then return and go to housekeeping.

The wedding presents were numerous and costly.

The bride was loved and admired by all who knew her, being beautiful, of a bright mind, lovely in disposition. She is congratulated on her choice of a husband. Mr. Talbot is in all respects a perfect gentleman and is spoken of in the highest terms.

The friends of Mr. and Mrs. Talbot wish them all happiness in the future.

A FRIEND.

THE OUTLOOK extends its congratulations to Mr. and Mrs. Talbot. The bride has been noted since her entrance into society as a young lady of remarkable beauty and captivating personality and also for her domestic accomplishments, having presided over her father's household and become noted as a hostess, although still in the bloom of youth.

Mr. Talbot is a prosperous farmer and a gentleman of high social standing. The match is a happy one, and the many friends of the bride's father are pleased beyond measure at the daughter's wise and happy choice.

They say the time has come when we all must look to our own interests. It is that be so why not buy your groceries from Perry & Brother? They will save you money, and money saved is money made. When in town call and see them, three doors below postoffice in the Blue Front.

Death of Emma Florence Goodwin.—Emma Florence Goodwin was born September 14th, 1898, and died February 19th, 1900; interment at Fairmont cemetery, Illinois. For the bereaved parents and relatives we drop a tear of sympathy, but remember our Savior has said "Suffer little children to come unto me and forbid them not, for of such is the kingdom of Heaven."

Though your darling child is taken from your bosom to the urn, soon the sleeping dust will waft, and the spirit will return. Yes, again you will behold it, fairer than the morning ray in your arms you will enfold. When all tears are wiped away.
